In Lansing?

ON-THE-SCENE ACCOUNT

By EMIL PELTZ, State Representative Presque Isle District — Presque Isle, Ogemaw, Crawford Montmorency and Oscoda Counties

Wesley Kumpula has been appointed County Superintendent of Schools by the Crawford County Board of Education, taking over the position as of June 1. He succeeds John A. B. MacAauley, who has resigned for reasons of poor health. Mr. MacAuley held the position for five and a half years, since September 1953.

Mr. Kumpula holds a B. S. degree from Northern Michigan Isonate Montmorency and Oscoda Counties

Montmorency and Oscoda Counties

Because of the unfavorable publicity that has been given by some of the metropolitan papers of the state, portraying the Michigan legislature as a sad collection of stubborn and stupid politicians, I find myself duty-bound to put the record straight and give you the real picture of what is wrong in Lansing.

Contrary to the impression created by the so-called news stories in the larger daily papers, the 22-man Republican bloc in the Senate and the 55 Republicans in the evenly-split House are not a bunch of stubborn and backward old fools who are deliberately creating a state of chaos.

Mr. Kumpula holds a B. S. degree from Northern Michigan College, and an M. E. degree from Wayne State University. He has taught in both the upper and lower peninsulas for over 30 years. He taugh two rural schools in Keweenaw County Industrial arts in Detroit.

Mr. Kumpula holds a B. S. degree from Northern Michigan State of chaos.

It might be well to remember, first of all, that a number of the capitol press corps are of the same political persuasion as the governor. Whether they intend it that way or not, many of their stories and especially their headlines — fail utterly to tell the real story.

and half way in dissolving the present impasse over the form our new taxes should take. But a careful reading of the article liself revealed the textual point of the poi arts in Detroit.

He was principal of L'Anse Town ship school for 9 years, of Grayling High school for 6 years, and superintendent of Hulbert and Frederic schools for 3 years. For the past ten years he has taught industrial arts at Grayling High school, and will continue to teach, haddling the country superintend.

The newsmen also tell you that this session of the legislature is the worst in the history of the state. But they have real short memories. They have said the same thing every year in each of the 15 years I have been in the legislature.

They talk about confusion in Lansing. They openly suggest that the legislators are a bunch of incompetents who don't know what they are doing. But their barbs are aimed, as usual, at the members who represent out-state or rural districts.

They have made hundreds of thousands of city folks believe that the "country rubes" are "hicks" in the legislature (which is largely the country rubes" are "hicks" in the legislature (which is largely the country rubes" are "hicks" in the legislature (which is largely the country rubes).

the "country rubes" are "hicks" in the legislature (which is largely the Republican party) are a bunch of moss-backs who are holding up the "progress" of the state.

Because of such stories, the impression is widespread among the voters that there is nothing but confusion among these not-very-bright legislators and they are making a "mess" of our state government.

ment.
Nothing is further from the truth!

Who's Confused - and Who Did It?

Where is the confusion? In all due respect, we submit that the confusion is in the public mind — and no wonder! With only the stories from the capitol correspondents to guide them, the people have not been told the full story. Often, what they have been told is completely distorted by false headlines which give an untrue impression.

An the governor's office with its tax-paid publicity staff works hand in glove to help promote these wrong impressions. I need completely nunctured the governor's panic claims concerning our cash

pletely punctured the governor's panic-claims concerning our cash position — but after he had secured big black headlines of impending doom for the state and our schools and universities.

But the sad part is that these big papers never give the same prominent play to the truth as they do to the governor's false claims. And thus the public is again left with a completely false impression!

I look upon the people of my district, and other districts like it, as the "solid" citizens of Michigan. If we had more such districts, our problems in Langing would greatly diminish. lems in Lansing would greatly diminish.

Here's The Real Picture So — what is the true picture in Lansing? Just this:

Just this:

1. — An overwhelming majority of the people of the state favor an increase in the sales tax, and they want no part of an income tax.

2. — One man, the governor, stands between orderly government and all the confusion, chaos and payless paydays you've been hearing so much about. It's that simple.

I thought you should know about it.

An increase of 21 per cent in the number of fraudulent checks processed by the state police during the first four months of 1959 and a 40 per cent increase during May has been reported. Detective Sgt. Fred C. Kelly, head of the fraudulent check detail at state police headquarters, said the increase is probably due to bettering economic conditions.

He explained that, contrary to popular belief, bad check passers more often succeed when the economy is healthy when there is a general feeling that most peopte have money to back them up Kelly's records show that July Kelly's records show that July and August are the months at the height of the tourist and vacation season when most small merchants become the victims of check passers.

NANCY HOSMER MARRIES 'N DOUBLE-

Nancy Ann Hosmer and James Cook repeated their nuptial vows in a service held Saturday, May 9th at St. Patrick's Catholic church at Wyandotte. The Rev. Father Edward Seifen officiated at the double-ring ceremony performed at 10 o'clock.

The bride is the daughter of Mr and Mrs. Howard Hosmer of 2315 First Wyandotte and parents of the bridegroom are Mr. and Mrs. John L. Cook, of Lincoln, Mich. Given in marriage by her father,

Nancy wore a floor length gown styled on empire lines with chrys-anthemum embroidered tulle over satin. The full skirt was swept back into a bustle, trimmed in sequing. A small sequin and pearl cap secured her veil of illusion and she carried a bouquet of white roses centered with a white

orchid.

A gown of white embroidered organza over mint green taffeta was worn by matron of honor, Mrs. Patricia Korpal. She wore a matching picture hat and carried a bouquet of yellow carnations. Sandra Strickland and Dorothy Estey, bridesmaids, were gowned in pink and yellow.

Attending the bridegroom as best man was Joseph Percherski. Ushers were Ronaid Hosmer and Tom Cook.

Tom Cook.
For her daughter's wedding,
Mrs. Hosmer chose a floral print
with which she wore pink accessories and a corsage of white carnations and red roses. Mrs. Cook chose a light blue dress, white ac-cessories and an identical corsage. Immediately following the ceremony a breakfast for 100 guests was held at Howard Johnsons, and

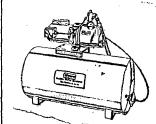

in the evening the couple greeted 300 at a reception held at the Oddfellows Temple.

Later they left on a wedding trip to Chicago, Wisconsin and the Upper Michigan. Upon their return they reside at 368 Davis. Wyandotte.

Wyandotte.
Nancy is a stenographer at Wyandotte Chemicals and her husband is employed as an industrial engineer there. Out-of-town guests attending the wedding were from Grayling, Alpena, Lincoln, Ann Arbor, Detroit, Ferndale and Roy-al Oak.

Trouble "Shooters"

Stretch Taylor, captain of the high school basketball team; thought up a great way clean.

The teachers were having trouble keeping the kids from leaving their ice cream wrappers, empty milk cartons and paper napkins in the area after lunch and after school . . . in

spite of the handy trash cans. So Stretch got the idea of equipping each can with a small basketball backboard and a sign saying "Shoot a

trash problem disappeared, our school should have a basketball powerhouse next season

From where I sit, every problem needs just one good solution. For instance, it occurs to me that in getting along with our neighbors, tolerance is the solution. That means that your choice of tea should be honored just the same as my preference for a glass of beer. Makes for a "high scoring" combination in the friendship

day's activities.
